

Governor Pen Portrait – Moira Bryan

I have been a Governor at Rushmere Hall now for over five years. I have been the safeguarding governor for the last four years and vice chair for the last two years.

I work in Ipswich as a communications manager, and I have two children at Rushmere Hall, and one at a local high school. I also help with the admin for the junior section of a hockey club.

I am passionate about Rushmere Hall and the great education it offers. I have learnt so much as a governor and it has been great to see how far the school has come. I enjoy helping to develop and improve Rushmere Hall for all our pupils.
